IILLAWARRA EDUCATION TECHNOLOGY CONFERENCE 2013

DESIGNING FOR DIVERSITY

We welcome professionals from schools, universities, VET providers and industry to attend an educational technology conference with a difference.

The inaugural Illawarra Educational Technology Conference: Designing for Diversity will feature infographic posters showcasing examples of the use of educational technology from our local region.

You will have the opportunity to talk with the person who designed and developed the idea and discuss how it was implemented in the learning context.

HIGHLIGHTS

The conference will feature:
- Panel discussions
- Key notes
- Infographic posters
- Networking opportunities

THEMES

The conference will focus on:
- Social Inclusion & Equity
- Digital Literacy Skills
- Transitioning Between Educational Sectors.
