

Connecting to the TAFENSW Wi-Fi Network Android Devices

You must have your TAFE Portal username and password

1. Select the **Settings** menu icon on your device

2. Select the **Wi-Fi** option

3. Select **TAFENSW** from the list of available wireless networks

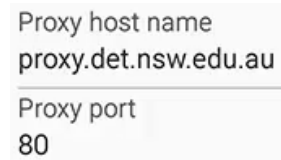

4. Scroll down to *Identity* and enter your **TAFE Portal username** and **password**

5. Scroll further down and tick **Show advanced options**

6. In the **Proxy** box, select **Manual**

7. Enter the proxy: **proxy.det.nsw.edu.au**

8. Enter the Proxy port: **80** and tap **Save** or **Connect**

9. You should now be connected to the TAFENSW wireless network

10. Close Settings and open your browser to access the Internet.

If you cannot connect, please ask your local TAFE NSW Library Staff
