Enrol Online at TAFE Illawarra in Semester 1, 2012

People wanting to enrol at TAFE Illawarra in Semester 1, 2012 will now be able to enrol online from 10.00am on Thursday 12 January 2012.

“This is a major change for TAFE Illawarra allowing students the flexibility to enrol online or at their local Campus,” said Dianne Murray, Institute Director.

Prior to enrolling online, prospective students who were unable to attend or missed the pre-enrolment information sessions are encouraged to go to the website www.illawarra.tafensw.edu.au to find out more about the range of courses available at TAFE Illawarra. The website contains detailed information about each course including when it will be offered, career opportunities and pathways they provide, and what support services are available.

“This will help students who are interested in undertaking a qualification to decide which course is right for them,” said Dianne.

In fact, increased competition for jobs combined with technological change makes it vital that employees become more skilled and productive through relevant training.

“Now is the time for those who want to secure their career direction to take control of their future by enrolling to study with TAFE Illawarra,” added Dianne.

TAFE Illawarra is the largest provider of vocational education and training in the region with more than 34,000 enrolments each year. The Institute offers a vast array of job-focused and ‘work-ready’ courses from Wollongong down to Bega and across the Southern Highlands.

“You may already have a wealth of life, work and study experiences so we can provide recognition for this. As a result you won’t have to re-learn what you already know and you may finish your course in less time,” said Dianne.

Enrolments commence on Thursday 12 January 2012 at 10.00am and students can enrol either online at www.illawarra.tafensw.edu.au or at their local Campus.

For further information go to www.illawarra.tafensw.edu.au, or phone Course Information on 131 601 or visit your local Campus.
